

## Preferred Sign Location

Installation of a sign is not mandatory, but it is highly recommended, so that emergency vehicles can be efficiently routed to your property.

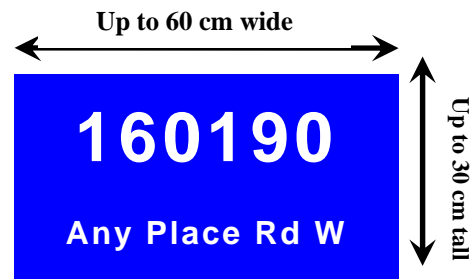

Your address has been assigned to the point at which the approach that leads to your residence joins the municipal or provincial road. Therefore, address signs must be installed as close to the approach and the property line as practical for your home or business operation. We ask that the sign be facing the road, clearly visible and not an obstruction for road grading, snow plowing, or mowing. Signs can be mounted on entrance gates if available or on a light gauge steel u-flange post. The ideal height is 4.5 to 5 feet to the top of the sign making it approximately eye level for traffic. The diagram above shows the preferred sign location: within 6 metres of the driveway, within 1 metre of the property line, on the left side of the driveway as you exit your property.

## Preferred Specifications for Sign

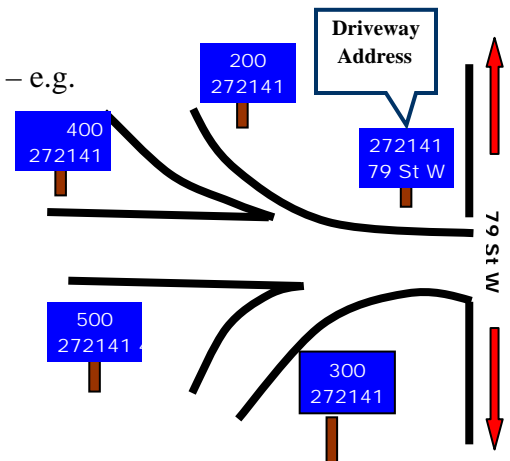

Minimum 080 aluminum, engineered-grade reflective surface; white reflective letters on a medium blue background, pre-drilled holes on 2 or 4 sides for installation (consider the effects of wind on the sign)

- Line 1 → driveway number (4 – 5 inches tall)
- Line 2 → (optional) full road name ( 2 – 2.5 in. tall)

The sign and your address must be visible day or night.

If you share a driveway with your neighbor, the driveway address – e.g. **272141 79 St W** – should appear on a sign at the point where the driveway meets the Municipal or Provincial road. Each individual property should also have a sign at its entrance along the shared driveway, showing the suite number and the driveway number.

If more than one house or occupied building is located on your property, then we recommend a driveway address sign at the entrance to the property, and then attach the suite number to each house or install signs with the suite number and an arrow pointing towards each house.

Some of the sign-makers in our trading area are listed below.

Signs 'N' Such	Black Diamond	519-8575
Moose Mountain General Store	Bragg Creek	949-3147
Hutchison Signs And Graphics	Calgary	933-3999
