Rabbits.....	40

To increase those animals as noted above, you must first determine whether you would fall under the new Provincial Guidelines for Confined Feeding Operations by contacting Kai Ma at the NRCB (403) 381-5112. If you do not fall under the CFO guidelines, a Development Permit application for an Intensive Livestock Operation is required to be made through the M.D. of Foothills. Please see Form 2 for application requirements.
